Berries contain antioxidants, which guarantees good cerebral blood circulation and prevents deposits in blood vessels.

Yogurt, cheese and other milk products deliver calcium to the body which is necessary for a smooth transference for nervous impulses.

Vegetables and salads contain Vitamin C and Beta Carotene which promote cerebral blood circulation.

Fish is the best source of Omega 3 fatty acids that are essential components of brain nerve cells and counteract high blood pressure.

Olive oil delivers important fatty acids that protect the heart and circulatory system. It is also rich in Vitamin E.

These items are served raw or can be cooked to order. Consuming raw or undercooked meats, poultry, seafood, shellfish or eggs may increase your risk of food borne illness. A 18% gratuity will be added to parties of six or more and to all suites and cabanas.
