mount washington | new hampshire

*Dear Guest,*

In order to ensure your future enjoyment of our National Historic Landmark, we are currently updating and insulating our signature red roofs.

When The Mount Washington Hotel was opened in 1902, it was as a summer retreat for the rich and famous. Over the years, New Hampshire's White Mountains have evolved into a world class winter destination. The hotel has evolved as well, opening its doors in the winter for the first time in 1999.

The Grand Dame's innovative new roof has been installed but it is time for some Spring cleaning and finishing touches. We anticipate our project to be completed by the end of May 2014.

Please pardon our progress, and we thank you for your patience.
