The enticing aromas and savory tastes of carefully prepared cuisine and fine wines come together to create "Simmer Sauté Santé – The Flavors of France." Omni Hotels & Resorts brings together a myriad of beautiful French flavors - from the delights discovered inside the newest Parisian brasseries to the delicious offerings found throughout the French countryside.

Omni Hotels & Resorts celebrates our 7th installment of our iconic Flavors of the World international culinary series. "Simmer Sauté Santé the Flavors of France" evokes the genuine essence of French food, wine, champagne and cocktails. Painstakingly designed to capture your senses, this authentic culinary treat is an exploration of French cuisine stemming from an immersion tour of France by our culinary team. In September, 45 of our chefs and culinary leaders embarked on a tour, visiting renowned vineyards, food producers, restaurants and other legendary sites.

Take in the moment as you would slowly sauté your favorite new ingredient at home in your kitchen. From Omni Hotels & Resorts, we toast your good health - Santé!
