Each year our culinary team travels the globe in search of unique and bold flavors. This year, our quest led us to Chile, where on the Western edge of South America, we discovered rustic flavors, warm and welcoming people, a compelling landscape and some of the best wines in the world.

Chile’s geographic barriers – the Atacama Desert to the north, the Andes Mountains to the east, the Patagonian ice fields to the south, and the Pacific Ocean to the west – protect its grape-growing valleys from harsh weather, making it literally, a winemaking paradise.

For the ninth installment of our Flavors of the World promotion, we created an authentic Chilean menu paired with hand-selected wines that truly reflect our utter enchantment with this region. We have captured the medley of unique climates and incredible terroir that our chefs and culinary team experienced through a cultural immersion of this beautiful country.

Together with our partners, Wines of Chile, we invite you to savor the unique flavors of this South American destination.

¡Salud!
