

SEELY PAVILION - NOW OPEN

This Arts & Crafts inspired pavilion is designed not only to better serve our guests but to honor the style and craftsmanship of our historic Main Inn and to showcase the abundant natural beauty and stunning scenery of the property. Exposed trusses, reclaimed wood and a stacked hearth around the large fireplace will provide a rustic ambiance, while polished concrete flooring and modern technical amenities ensure the Pavilion provides up-to-date conveniences. The structure also features six pairs of picturesque, floor-to-ceiling doors and windows, offering panoramic views of the surrounding mountain range and our lush Donald Ross designed golf course.
