**HIKING BEST PRACTICES**
Every hiker needs to know these best hiking tips to stay safe and comfortable on the trail.

- Bring at least 32 oz. of water for every hour you plan on hiking.
- Stay on the trail and hike with someone, not alone.
- Inform someone of your hiking plans before you leave.
- Bring a fully charged cell phone with you.
- If in distress, stay calm and call 911.
- Choose the hike best suited for your fitness level.
- Consult our fitness staff at ext: 3200 or the concierge with questions pertaining to trail difficulty.

Hikes on all trails in Arizona are done at one’s own risk. Beginners should not attempt hikes on Camelback Mountain, Piestewa Peak or Pinnacle Peak since trails may be steep and treacherous. All trails may present hot and dry conditions. The desert has extreme temperatures from high heat, to cool weather and rain. Be sure to check the weather before heading out for the day and be sure to drink plenty of water to avoid dehydration.
